Status for indrapportering af elektroniske data til EARSS

DANRES Møde

20.3.2007

Odense Universitetshospital

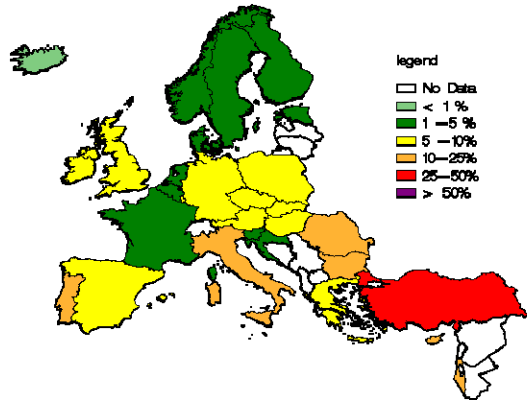

Status for indrapportering af elektroniske data til EARSS

- 2005 data: 5 KMA'er indsendt
 - *E. coli*
- 2006 data: 10 KMA'er indsendt
 - *E. coli*
 - *K. pneumoniae*
 - *E. faecium*
 - *E. faecalis*

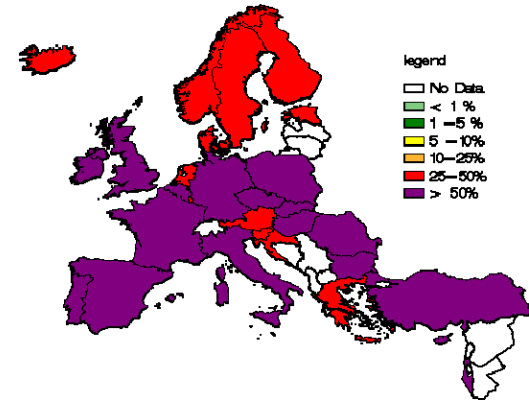

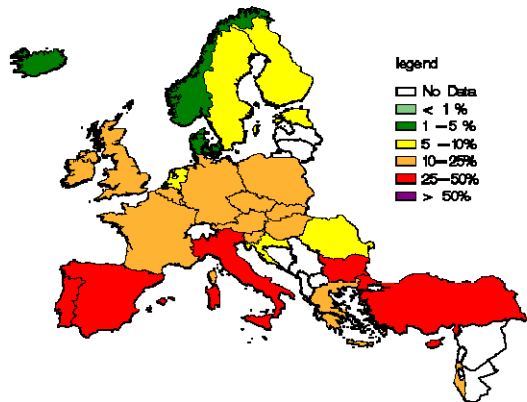

Proportion of Aminoglycosides resistant E. coli isolates in participating countries in 2005
(c) EARSS

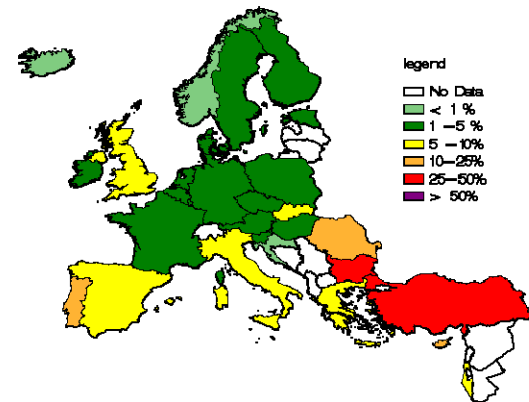

Proportion of Aminopenicillins resistant E. coli isolates in participating countries in 2005
(c) EARSS

Proportion of Fluoroquinolones resistant E. coli isolates in participating countries in 2005
(c) EARSS

Proportion of 3rd gen. ceph. resistant E. coli isolates in participating countries in 2005
(c) EARSS

Fremtiden

- Resterende KMA'er med på elektronisk indsendelse
- Feedback på dataindsendelser til KMA'er
- Evt. indsamling af retrospektive data.

Kort, tabeller, grafer m.m.

Susceptibility results for *E. coli* isolates in Denmark (DK) in 2005

	Antibiotic	Number			Total			Percentage			
		S	I	R	N	S	I	R			
Denmark (DK)	2005	Aminoglycosides			1253	5	25	1283	97.7	0.4	1.9

Aminoglycosides = Gentamicin or Gentamicin High or Tobramycin
