

Biofilm meeting

Preliminary program for the Biofilm workgroup meeting and the general assembly of the Danish Society of Microbiology (DMS)

Time: 11.00-20.00, March 14, 2012

General assembly

Place: Aarhus University, Building 1520, room 732 (7th floor), Ny Munkegade 112-114, 8000 Aarhus C

Scientific meeting

Place: Aarhus University, Auditorium D1, building 1531, Ny Munkegade 112-114, 8000 Aarhus C

11.00-12.30 DMS annual general meeting, Building 1520, room 732 (7th floor)

12.30-13.30 Lunch hosted by DMS for the participants in the annual general meeting

13.30-17.00 Biofilm working group meeting, Auditorium D1, building 1531

Session 1 "Treating biofilms" (90 min)

- Hengzhuang Wang "In Vivo Pharmacokinetics/Pharmacodynamics of Colistin and Imipenem on Biofilm *Pseudomonas aeruginosa*"
- Morten Hyltdgaard "Investigating the antimicrobial mechanism of monocaprylate"
- Steffen Robert Eickhardt-Sørensen "The prevalence of biofilm infections and treatment chronic infections due to soft tissue fillers"

30 min coffee break

Session 2 "microbial ecology/social interactions in biofilms" (90 min)

- Mette Burmølle "Social interactions in multispecies biofilms"
- Bente Nyvad "Colonization of the Oral Cavity by Probiotic Bacteria"
- Morten Simonsen Dueholm "Evolutionary studies of *E. coli* curli and functional amyloides in *Pseudomonas* (Fap).

17.30 Dinner in Aarhus

20.00 Train leaves for Copenhagen

All the best Rikke Meyer, Niels Høiby and Thomas Bjarnsholt
